

## PRESS RELEASE

November 2012

### Brutus Side Rail Tile Cutter

New from QEP, the world's leading supplier of tiling & flooring installation equipment – the Brutus 900W Side Rail Electric Tile Cutter. The Brutus Side Rail is uniquely designed for push, pull & plunge cuts and is ideal for cutting large format tiles up to 760mm straight, 530mm diagonal & 35mm depth.

- Fully adjustable block for straight cuts & mitres
- Strong rubber matted cutting table to secure tiles in place
- Thermal overload protection
- Fold out stand with wheels for easy positioning
- High volume water pump
- Dual water cooling system evenly distributes water
- 200mm continuous rim diamond blade
- Mitre guide with preset angles for easy cuts
- Power cord housed in a protective tube and kept safe and clear from the cutting table
- Durable water tray which slides out for easy cleaning

**PULL Cuts** – Position the tile & pull the cutting block through the tile

**PUSH Cuts** – Use the sliding cutting table to push the tile to the blade

**PLUNGE CUTS** – Lift the cutting block & position over the tile to cut
